**Add all values in the last column to find the total. You will need this total for additional calculations for this project book.*

Project Ending Inventory

[illegible]

Total		\$

Financial Summary

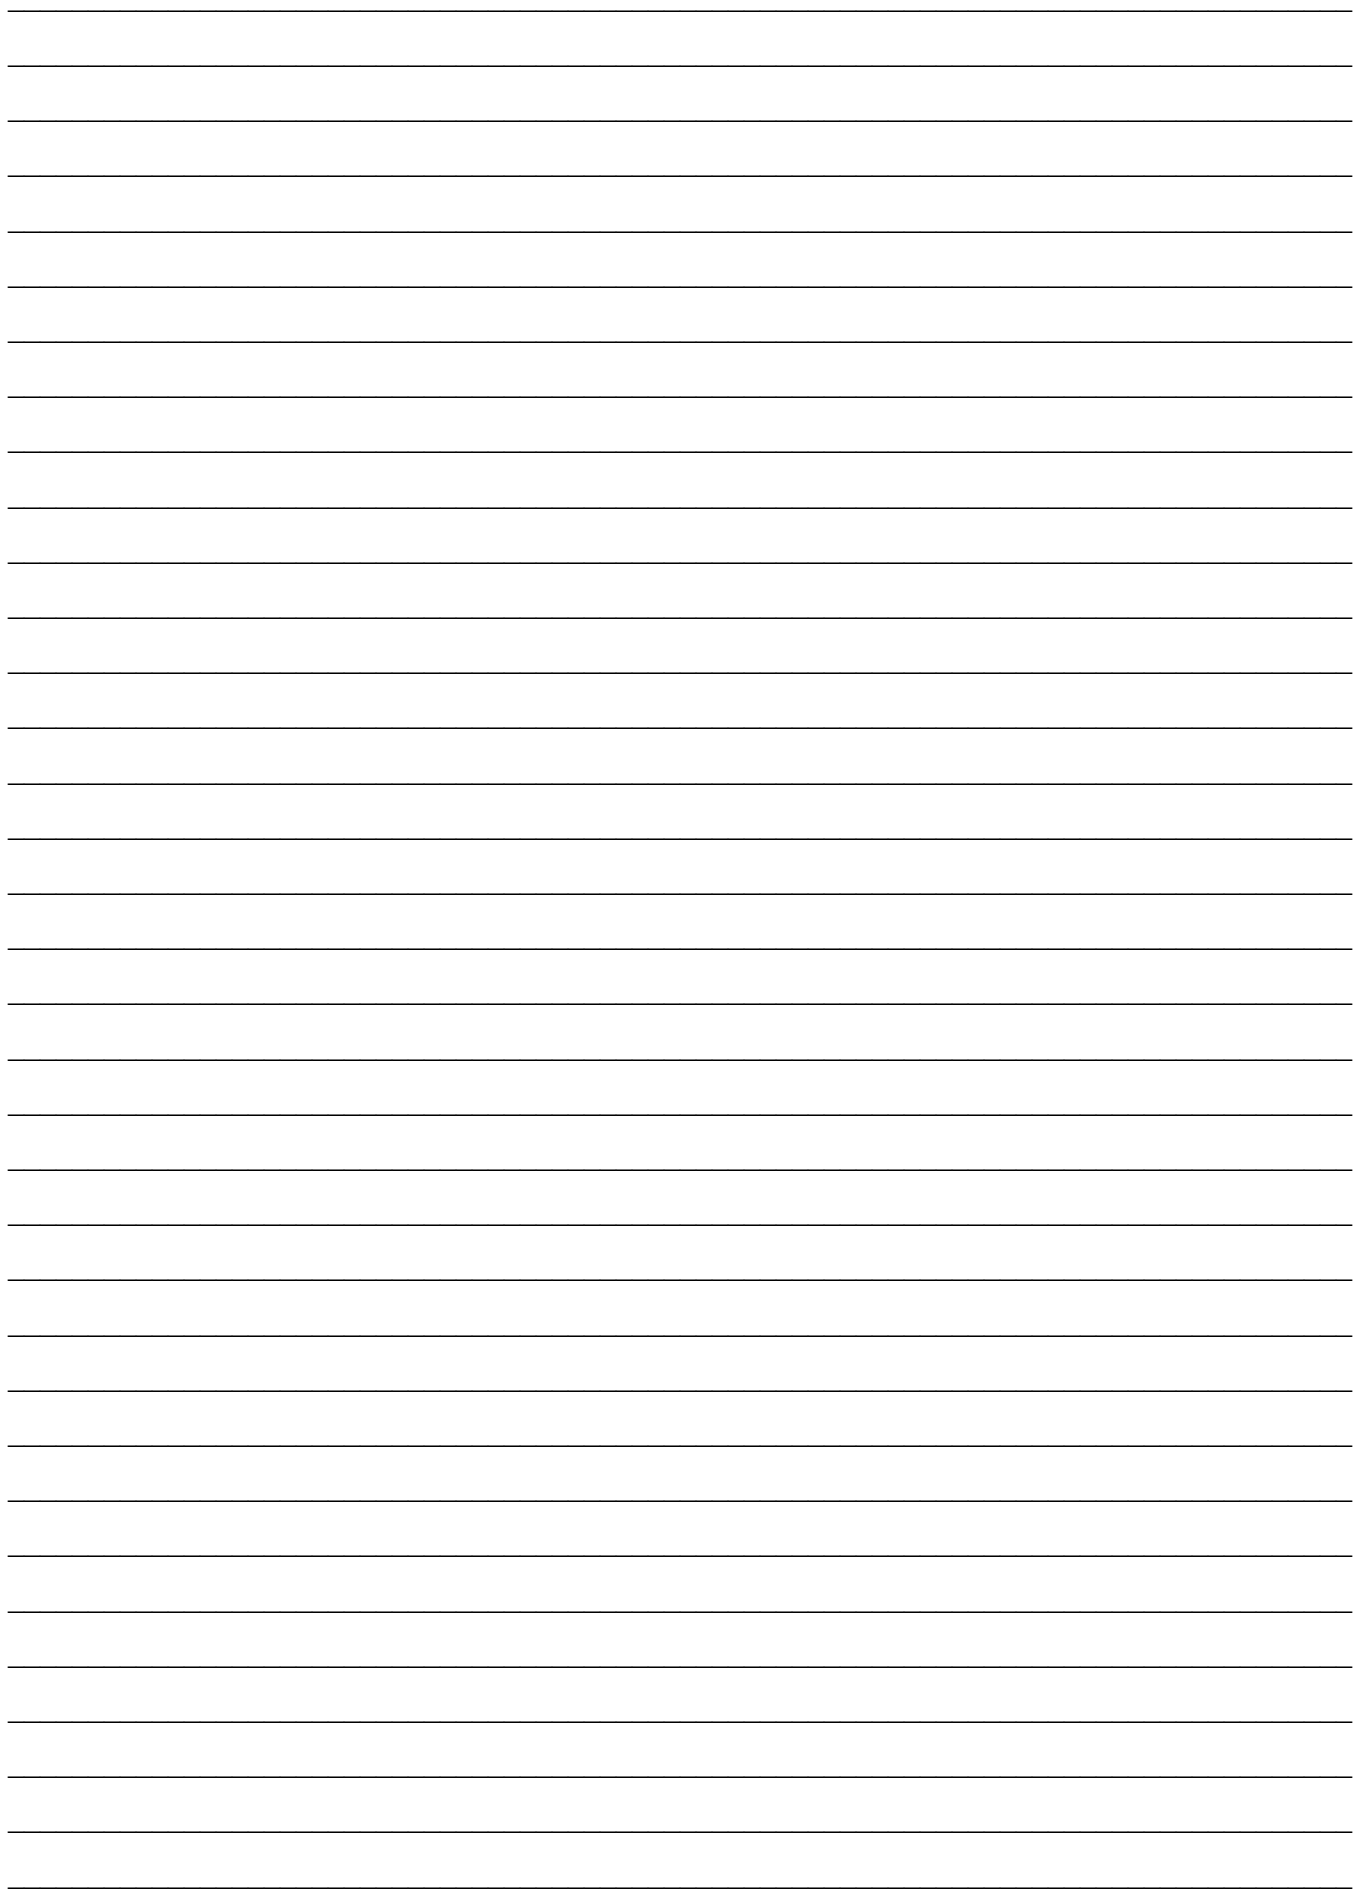

Item	Directions*	Your Project Value
Income		
How much value has your project developed?	Enter box [4]	
Expenses		
What was the value of the animals you started with or bought?	Enter box [1]	
How much did you spend for feed?	Enter box [6]	
How much did you spend on other expenses?	Enter box [7]	
What are your total expenses?	Add boxes [1], [6], [7]	
Profit or Loss		
Was your project profitable for you? (Positive value means profit; negative means loss.)	Subtract total expenses from income	

**Pay careful attention to the "Directions" box. These instructions will assist you in completing this portion of your project book.*

Project Evaluation

Project Trait	Directions*	Your Calculations
Average Daily Gain (How rapidly did your project gain weight?)	Divide [2] by [3]	÷ = [2] [3] pounds per day
Feed Efficiency (How much feed did your project need to gain one pound?)	Divide [5] by [2]	÷ = [5] [2] pounds of feed per pound gained
Feed Cost of Gain (How much did feed cost to produce a pound of gain?)	Divide [6] by [2]	÷ = [6] [2] dollars per pound of gain

**Pay careful attention to the "Directions" box. These instructions will assist you in completing this portion of your project book.*

Working Project Pictures

You are required to have at least 4 pictures with captions. These pictures should show you working with your animal. This includes feeding, cleaning, grooming, and training your animal.

Market Sale Information

To be completed after the Market Sale for 4-H Awards and Recognition

This section will not be judged for the Northeast Florida Fair Market Record Book

Item	Directions	Your Project Value
